

Western Fence Commercial Fence Estimator

Job Summary

Western Fence Company, the oldest and most trusted name in fencing since 1947, has an amazing opportunity for Commercial Fence Estimator. We have substantially grown our business on a solid foundation of great employees, quality work and customer relationships.

The ideal candidate would have minimum of three years commercial fence sales experience. We are seeking serious candidates only who are looking for a long-term career at Western Fence. Applicant must be able to work independently and within the team structure, have excellent organizational and project management skills, and be able to complete estimates within the time frame allowed. This is a fast-paced job and expectations are to jump in and start selling immediately. Candidates with industry contacts are preferred.

Responsibilities:

- Prepare break-down of materials and request pricing from various suppliers.
- Source subcontractors and prepare detailed, accurate estimates
- Source new suppliers/vendors for non-typical items of work.
- Identification and preparation of requests for information.
- Monitor bids from start to finish and work with the project estimating team throughout the entire bidding process.
- Perform project site visits and assist with project coordination.
- Assisting with resolution of various project issues or warranty items.
- Attendance at job walks, site meetings, or other meetings.
- Prepare material submittals and shop drawings (and gather product data and information for submission on awarded projects).

Qualifications:

- Minimum of three years of estimating experience in commercial and public works construction – preferably in the fencing, ornamental iron, guardrail, and general contractor industry (or equivalent combination of technical training and related experience).
- Strong knowledge of Microsoft Office suite products
- High school diploma is required, Bachelors' degree preferred.
- Able to read, understand, and interpret blueprints and perform detailed and accurate take-offs with fencing industry software
- Able to read, understand, and interpret technical specifications and special provisions.
- Able to maintain confidentiality of all company proprietary information.
- Must have a strong work ethic and clear understanding on how to be a team player.

Application Information

All applicants must have and maintain, a valid driver's license and be able to pass a background check and drug screen. Salary and commission package will be based on experience and qualifications.

Interested applicants may submit their résumé to careers@westernfencecompany.net
